Prayer Powers FLF's Ministry

Future Leadership Foundation depends on prayer to provide leadership in our efforts. Please remember these requests this month:

An Investment in Global Leadership that **Prepares** for Tomorrow

It was my first time at GLS. Before the conference I was skeptical about the event, and the message it is spreading. But I was wrong. It expanded my understanding of what leadership actually is. Despite the scale of examples speakers used, I believe that information can be applied widely. We need leaders not only in our daily jobs but in our families and churches as well. As Carly Fiorina said, people are not born with leadership skills; they need to be developed. Now, after the conference I feel encouraged to do things differently, I no longer want to be like a person who only says that something is done wrong and does nothing about it. I feel inspired to do. Thanks for supporting such a great event.

That is the testimony of Ernestas Mozeiko, a board member of the Baptist Church in Vilnius, Lithuania, and a first-time attendee of the GLS in 2014. The scholarship money FLF raises provides a matching fund gift to people who are raising his/her share of the costs to attend for the first time.

This year you can again help people like Ernestas participate in raising their leadership skills. In over 100 countries in more than 45 languages, the Global Leadership Summit is absolutely critical to raising the Leadership IQ needed by global believers to match their challenges for tomorrow. We're accepting gifts now for the August event here in the states, and for the November 2016 session held around the world.

You may donate by check, bank draft, or online through the FLF website. Bill Hybels, senior pastor at Willow Creek, says, *When a leader gets better, everyone gets better.* Find out more about GLS at willowcreekglobalsummit.com.

How You Can **Help** National Leaders to Help Themselves Through FLF

FLF is always grateful for the generous support given by individuals, churches and ministries committed to the idea of leadership development.

Here are reminders of how you can help national leaders help themselves, as FLF believes is allowing them to pay some of the costs for training or materials each receives.

1. Write a personal check and mail it FLF.
2. Set up an e-check or direct debit through your bank to FLF. Contact FLF at 1.866.652.5150 or email Carol at ckaylor@caldservices.com for help in setting this up.
3. Go online and click on "Create an Account" at futureleadership.logosconnect.com/ to either find instructions to transfer funds to FLF from your account, or use a credit card.

The national leaders and institutions with whom we partner are already vested in what they sense is God's call on their lives. What FLF does with them invites them to stretch farther and faster as they prepare and live out their ministry calling. They, and we, thank you deeply. 🙏

FLF's vision is to create exponential growth of Christian leaders around the world.
